Built in 2015 but feels like brand new! Conveniently located on the East side of Redding near the new Holiday Shopping center as well as the Lema Ranch Trail System and Clover Creek Preserve. Be the envy of the neighborhood with the inground gunite pool and covered patio. There is just over 2000 square feet of living space with 3 bedrooms and 2 baths, an indoor laundry room as well as a large pantry in the kitchen. The 3 car garage has a mini split heating and a/c system so you can enjoy that space in comfort as well. The summer garden has already been planted and there is even room to park your boat!
